Foreword..

The apparent path of the sun in the sky lies through 12 constellations or groups of stars, and the zone which these stars occupy is called the Zodiac. To the ancients, time ran something like this:

"The Ram, the Bull, the Heavenly Twins,
And next the Crab the Lion shines;
The Virgin, and the Scales
The Scorpion, Archer, and the Goat
The Man that Bears the watering pot,
And Fish with glittering tails."

To our Seniors time has likewise run through twelve constellations or Zodiacs. It is now referred to as the 6-3-3 plan in school organization—six years of elementary education—three years of junior high—three years of senior high. In this volume you will find portrayed the movements of our student body through the three last Zodiacs of our public school life.

Dedication..

TO ALL OF OUR TEACHERS

The Staff of the 1951 SPINNER dedicates this yearbook. We gratefully recognize the great part which they have played in our education. In this dedication we wish to show our esteem for them and our respect for their profession. We believe that they are capable of making the greatest Contribution to the Light of Freedom.

John Mason Brown wrote recently in one of our periodicals: "We must not, we cannot, forget, however, that regardless of the threats of darkness and the thickly gathering storm clouds, the lamps still burn and brightly burn. One of our major duties is to shield these lamps from the gale of our fitful times."

CLASSES

"AND FISH WITH GLITTERING TAILS"

The horoscope was regarded with superstitious awe by the ancients, and the various movements of the sun, moon, and planets through the Zodiac formed the basis upon which astrologers predicted the future. The graduating student of 1951 knows that his future is not dependent upon seer, prophet, or sign. Each person builds his future when he develops character, forms attitudes, achieves skills, and accumulates knowledge.

"THE MAN THAT BEARS THE WATERING POT"

The members of the Class of 1952 are in the eleventh constellation. Just one more zone until their orbit is complete. But many a bright star is to be found in these two last zones—varsity football, basketball, and baseball—Junior-Senior Dance—election of King and Queen—Senior Band—Glee Club—Bible Club, and second lunch period.

Who said the ancients were wrong about this tenth constellation? They must have known something about what our freshmen in Senior High have to pass through. For there's Algebra, Biology, World History, English, and Latin—"and the Goats" have to eat at third lunch period.

Gastonia High School's baseball team, having dominated the State AAA Conference in baseball for the past four years, is expecting to repeat this fine performance in 1951. Although several boys have joined the service of their country, Coach Russ Bergman says, "We have a well balanced team, and we'll give the conference a tough fight." My dearest Lois,
You are so very sweet that I don't

something sweet enough for you.

But congratulations to the serious, I really have
enjoyed knowing you all my life (well

CLASS OF 1951

it has been practically all of my life,
hasn't it). We have especially had
good times since we entered dear old
G.H.S. Remember the ninth grade when
we had physical ed. wasn't that fun and
BRYANT ELECTRIC REPAIR CO., Inc.

"SERVICE, OUR AIM"

we were really happy and excited. On the
May Day night, remember. Now, let's see, what
did we do in the tenth grade. Oh yes!!! We
had the one and only, Mr. Bouts, for home-
room. But we really had some good times
in that homeroom, didn't we? Remember and don't
ever forget our wonderful crushes on Roger Kendra.

finished yet) I hope we will pull through.

He really got a good amount of laughter
out of that. ~~Don't~~ ^{Especially}

Now don't you disagree with me -
Lois, don't ever forget "our wonderful

spent ~~lots~~ ^{enough} money out there to buy
one of our own. I wish we did have one.

Now, I come to a wonderful time, or I
should say the most wonderful time of
our years at S.H.S. And I guess you know that
is our Junior-Senior when we were a
Junior. Lois, wasn't that wonderful?

Although we have been apart for a long time, I am always thinking of you and your family. I hope you are all well and happy. I am sure you are. I am sure you are. I am sure you are.

DON'T BE GULLIBLE

(The following story is told by the Barnett Nat'l Bank of Jacksonville, Fla.)

"In the friendly city of St. Augustine great flocks of sea gulls are starving amid plenty. Fishing is still good, but the gulls don't know how to fish. For generations they have depended on the shrimp fleet to toss them scraps from the nets. Now the fleet has moved to Key West.

"The shrimp fleet had created a Welfare State for the St. Augustine sea gulls. The birds never learned to fish for themselves and they never taught their children to fish. Instead they led their little ones to the shrimp nets.

"Now the sea gulls, the fine free birds that almost symbolize liberty itself, are starving to death because they gave in to the 'something-for-nothing' lure! They sacrificed their independence for a hand-out.

"Let's not be gullible gulls."

Dear Lois,

I'll always remember you and the good
times we've had together. I hope will be
together many more years. You're so nice
and so smart I'll know you succeed.

"I love you most of all because you're you."

Lots of love
Nan

P.S.

I'm sorry for the harsh words, I've
said to you. I know you didn't mean
harm. (I hope).

I've enjoyed being in your classes,
League and going places with you.
The League parties have been fun
because you were there. I hope
you'll survive all the times
I've sat on them. It's hard
to think that I disliked you
in Jr. High. Behave your
crazy self.

Love always,
Nan
